Affiliated to CBSE New Delhi  
Affiliation No.: 3330245

## Message from the Chairman

Dear Prospective Students and Parents,  
I extend a warm welcome to you on behalf of The Great India School. We are a community of learners, dedicated to providing our students with a world-class education that prepares them for a fulfilling life in the 21st century. Our vision is to mould students into healthy, aware and empowered individuals who will respect and safeguard the integrity of the nation by living up to the highest potential of their individual lives. We take great pride in our dedication to the memory of the martyrs of our nation, and our commitment to fostering patriotism in our students. At The Great India School, we believe that education goes beyond academic excellence. We strive to provide a holistic education that

encompasses intellectual, social, emotional and physical development. Our students benefit from a challenging academic curriculum, state-of-the-art facilities, and a supportive community of teachers, staff, and fellow students.

We invite you to join our community of learners and be a part of our mission to shape the next generation of leaders. Thank you for considering The Great India School for your child's education.

With Warm Regards,

**Acharya Surendra Pratap Singh**  
Chairman, The Great India School

## A School dedicated to Martyrs of the Nation...

### Guiding Principles of TGIS

The foundation of TGIS has been laid on the same principles that helped India restore her freedom; the principle of unity. Just like our passionate patriots belonging to different states united with national leaders like Gandhi, Netaji Subhash Chandra Bose, Ashfaqulla Khan, Bhagat Singh and Jawaharlal Nehru to make India independent, our school also merges cultures of various states to build secular and united generations that will take India to newer heights of success and fame. TGIS is reviving the same spirit that existed during our freedom movement. As martyrs and leaders forgot their cultural & caste differences and merged into a single entity to free India from the shackles of the British, similarly, to free our society of various ills, TGIS is creating an environment where students from all states will study together and be part of this unique experience. At TGIS, students from diverse cultures and cultural beliefs live under one roof; sharing everything from dormitories and cupboards, to festivals and food. This new culture takes young minds on a wonderful journey of understanding each others' ways of life, cultures, and mindsets. In the long run, it makes them secular, broad-minded, and generally more accepting and less judgemental. These make for wonderful qualities that will not only help children become better human beings but also capable of making a definite place for themselves in the world.

# Overview of The Great India School

## **An NEP 2020 Compliant School**

At The Great India School, we provide a holistic learning environment that prepares students for the challenges of the modern world. Our serene and picturesque campus is home to state-of-the-art facilities that support our goal of helping students achieve their highest potential. Our team of experienced educators is dedicated to providing a student-centered education that fosters character development, academic excellence, and global awareness. We take pride in our commitment to promoting a sense of community and belonging among our students, helping them to become healthy, aware, and empowered individuals. At The Great India School, we believe that education is a journey, and we are honored to be part of that journey with each of our students.

## **Mission Statement and Philosophy of the School**

Our mission at The Great India School is to develop well-rounded individuals who are not only academically strong, but also physically fit and emotionally balanced. We believe that the development of the mind, body, and soul are all essential for a healthy and successful life. Our academic philosophy is grounded in providing a stimulating and challenging environment that encourages our students to think critically, be curious, and learn from their mistakes. We believe in fostering an appreciation for lifelong learning, creativity, and innovation. Our vision is to inspire and empower our students to be responsible, compassionate, and confident individuals who will contribute positively to society.

## Academics at The Great India School

At The Great India School, we take pride in providing our students with the best academic facilities possible. Our classrooms are designed to foster a comfortable and stimulating learning environment, and our teachers are dedicated to creating a nurturing and supportive atmosphere for all students. With state-of-the-art technology and ample resources, our students have the opportunity to explore and engage with subjects in depth, and our teachers work to ensure that each child receives personalized attention to help them achieve their full potential. Whether it's hands-on experiments in science or engaging discussions in the humanities, we strive to make learning both rewarding and enjoyable. Come explore our academic facilities and see for yourself the world-class education we offer.

## Curriculum Overview

- CBSE curriculum - Recognized nationwide.
- Fully residential program - Classes 4 to 12.
- Holistic education - Mind, body, soul.

The Great India School follows the Central Board of Secondary Education (CBSE) curriculum, which is one of the most widely recognized boards of education in India. The curriculum is designed to ensure that students receive a well-rounded education that prepares them for higher education and beyond. The school strictly adheres to the provisions of the education policy, which provides a comprehensive framework for students to excel in academics and beyond. The school runs classes from 4 to 12, with a fully residential program available for all students.

In addition to the fully residential program, the school also offers a weekly boarding facility for students in classes 4 to 8. This allows students to go back home on Saturday evening and report back to school on Monday morning. This facility is designed to provide a balance between academics and home life, while still maintaining a strong academic focus throughout the week.

The curriculum is delivered by a team of highly experienced and qualified teachers who are passionate about providing the best possible education to all students. The teaching staff use a range of innovative teaching methods, including interactive whiteboards and multimedia presentations, to ensure that students are engaged and motivated in their learning.

The school is committed to providing a holistic education that focuses on the development of the mind, body, and soul of each student. We strive to ensure that all students reach their full potential and are equipped with the skills and knowledge they need to succeed in their chosen career paths.

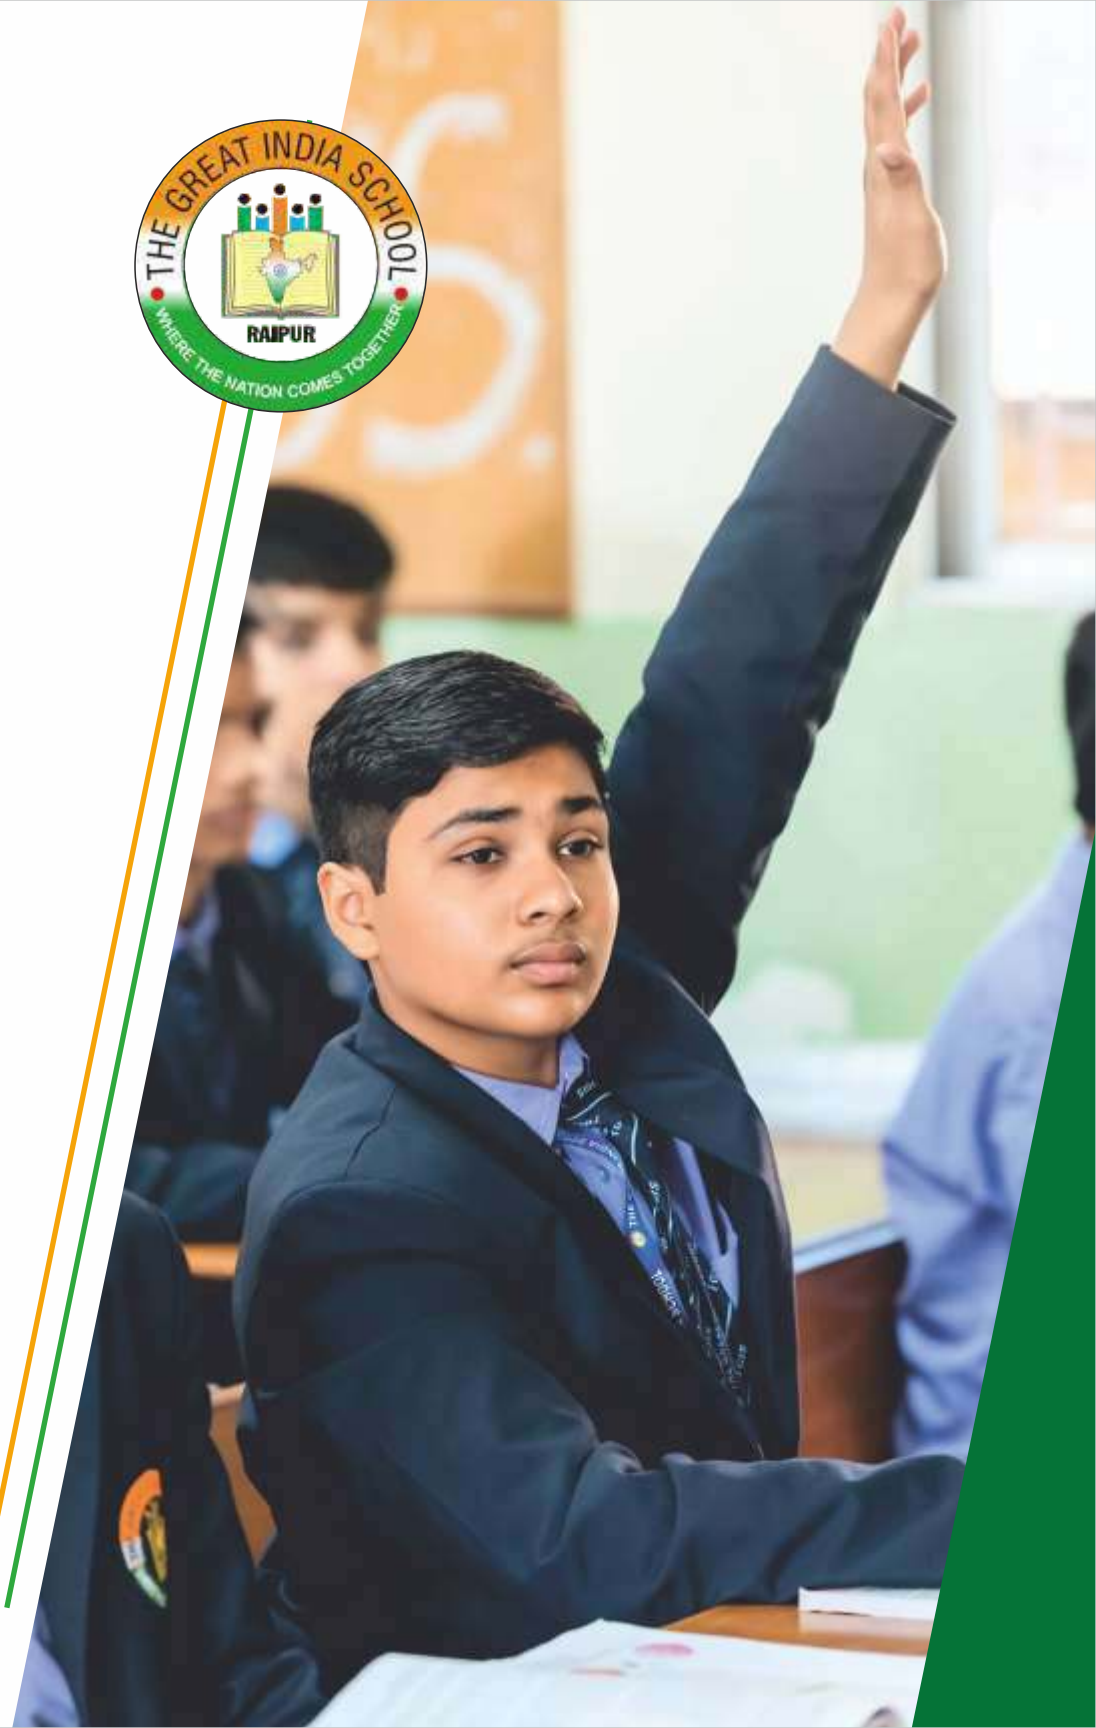

## Streams and Elective Subjects Offered

At The Great India School, we provide instruction for students from class 4 to class 12, giving them ample time to explore a variety of subjects and discover their true passions. In classes 9 and 10, students can choose between **Hindi and Sanskrit** as their second language. In class 11, students have the option of selecting either the **Science or Commerce stream**. Within the Science stream, students must choose between **Mathematics** (for careers in engineering and related fields) and **Biology** (for careers in medicine and related fields). Additionally, students in class 11 can opt for **Physical Education, Applied Mathematics, Computer Science, or Legal Studies** as their elective subjects. We believe in offering a wide range of options to help students achieve their academic and career goals.

## Learning Spaces and Facilities

Our learning spaces and teaching facilities at The Great India School are designed to provide students with the latest technological tools and resources, while also incorporating a humanistic approach to teaching. Our classrooms are equipped with state-of-the-art projectors, interactive whiteboards, and high-speed internet, all of which allow our students to explore and engage with the world in new and exciting ways. At the same time, our teachers are trained to balance technology with a personal touch, and to focus on each student's individual needs and development. We believe that learning is not just about acquiring knowledge, but also about growing as a person. That's why we pay close attention to every detail, from the layout of our classrooms to the materials we use, to ensure that our students have the best possible environment in which to learn and thrive.

## Our Faculty

- Student-centric Approach
- Humanistic Teaching Methods
- Expert And Compassionate Mentors

The Great India School is proud to have an outstanding teaching faculty, consisting of talented and passionate educators from all over India. Our teachers bring with them a wealth of knowledge and experience, as well as a deep commitment to student development. We have faculty members from Odisha, Maharashtra, Uttar Pradesh, Assam, West Bengal and other states of India, all of whom have been carefully selected through a rigorous process to ensure that we have the best resources to teach our students.

At The Great India School, we believe that the teacher is the backbone of the education system, and our teachers are trained to provide a learning environment that is engaging, interactive, and student-centric. They strive to bring out the best in each student by creating a culture of curiosity and self-discovery. They encourage critical thinking and problem-solving, which enables students to develop a lifelong love of learning.

Our teachers are not only experts in their subjects, but also compassionate mentors who are dedicated to the holistic development of each student. They take great care to ensure that students receive individual attention and support, and that their emotional and mental wellbeing is taken care of. At The Great India School, we pride ourselves on the high quality of teaching, which is balanced by a humanistic approach that places great importance on student development.

# Academic Enrichment

- Tailored Programs For Student's Individual Needs
- Emphasis On Personality Development And Life Skills Classes
- Preparation For Competitive Exams And Career Guidance

At The Great India School, we believe that education should go beyond textbooks and classroom lectures. That's why we offer a variety of academic excellence programs to help our students develop holistically. We understand that each student is unique and has their own learning pace, so we have tailored our programs to cater to the specific needs of each individual.

Our evening classes are dedicated to value addition and concept clarity, so students can further enhance their knowledge and deepen their understanding of the subject. For those who may have learning gaps, we offer bridge courses that are designed to help them catch up to their grade level.

In addition to academics, we also place a great emphasis on personality development and life skills classes. We understand that these are important for a student's overall growth and success, which is why we have integrated these programs into our curriculum.

We also prepare our students for competitive exams like Olympiads, quizzes, and other exams. For senior students, we offer structured guidance for career selection, as well as preparation for entrance exams like IIT JEE, NEET, CA CPT, CLAT, and other such competitive exams.

We are committed to providing a holistic education that prepares our students for a bright future. We believe that through our various academic excellence programs, we can help our students realize their full potential and become well-rounded individuals.

## Co Curricular Program

At The Great India School, we firmly believe that education is not just limited to textbooks and classrooms. We strive to create a holistic learning experience that goes beyond academics, and that is why we place great emphasis on co-curricular activities. We offer a wide range of activities that cater to the diverse interests of our students, including sports, music, arts, dance, drama, robotics, AI, and life skills. Our goal is to help our students develop their physical, emotional, and social well-being, along with their academic pursuits. We encourage our students to explore their passions, showcase their talents, and develop essential life skills that will serve them well in their future endeavors.

## Sports Program

The Great India School is proud to have a dynamic sports program that offers a diverse range of sports for our students to participate in. We have a strong focus on coaching and developing our students in basketball, swimming, cycling, handball, volleyball, cricket, football, badminton as well as indoor games such as chess, carrom and table tennis. Our campus features four world-class sports arenas, including a 7-acre multi-sport arena with a stadium, a semi-Olympic swimming pool, a 30,000 square feet indoor sports complex, and an additional sports area. These facilities are managed by experienced coaches who help our students to excel in their chosen sports. Through this program, our students not only develop their physical skills but also learn important values like teamwork, leadership, and sportsmanship.

## Program in Fine Arts

At The Great India School, we believe in nurturing creativity and artistic expression in our students, and our fine arts program is a testament to that. Our Raja Ravi Verma Art Hall provides a stimulating environment for students to explore and develop their artistic skills. With a variety of mediums available, from watercolours to oil paints, our students are able to create beautiful works of art and express themselves in unique ways. Our fine arts program is designed to not only provide students with an outlet for their creativity, but also to help them develop essential skills such as focus, attention to detail, and problem-solving. Whether it's through painting, sketching, or sculpting, our students are encouraged to explore their imaginations and create art that reflects their individual personalities and experiences.

## Program in Performing Arts

The Great India School provides a plethora of opportunities for students to explore their creative side through music, dance, and theater. Our students have access to the Ustad Bismillah Khan Music Room, a state-of-the-art facility equipped with modern musical instruments, as well as a recording studio to produce their music. Our experienced faculty and visiting instructors guide students in a wide range of dance styles, including classical, contemporary, and folk, and provide extensive training in theater and drama. Our focus on music and dance is not only for artistic expression, but also as a way of learning, as research has shown that students who engage in the arts perform better in academics. We believe that nurturing students' creativity is essential for their overall development and success, and we take pride in providing a platform for our students to explore and showcase their talents.

Glimpses of  
Life at The Great India School

## Dawn to Dusk Program

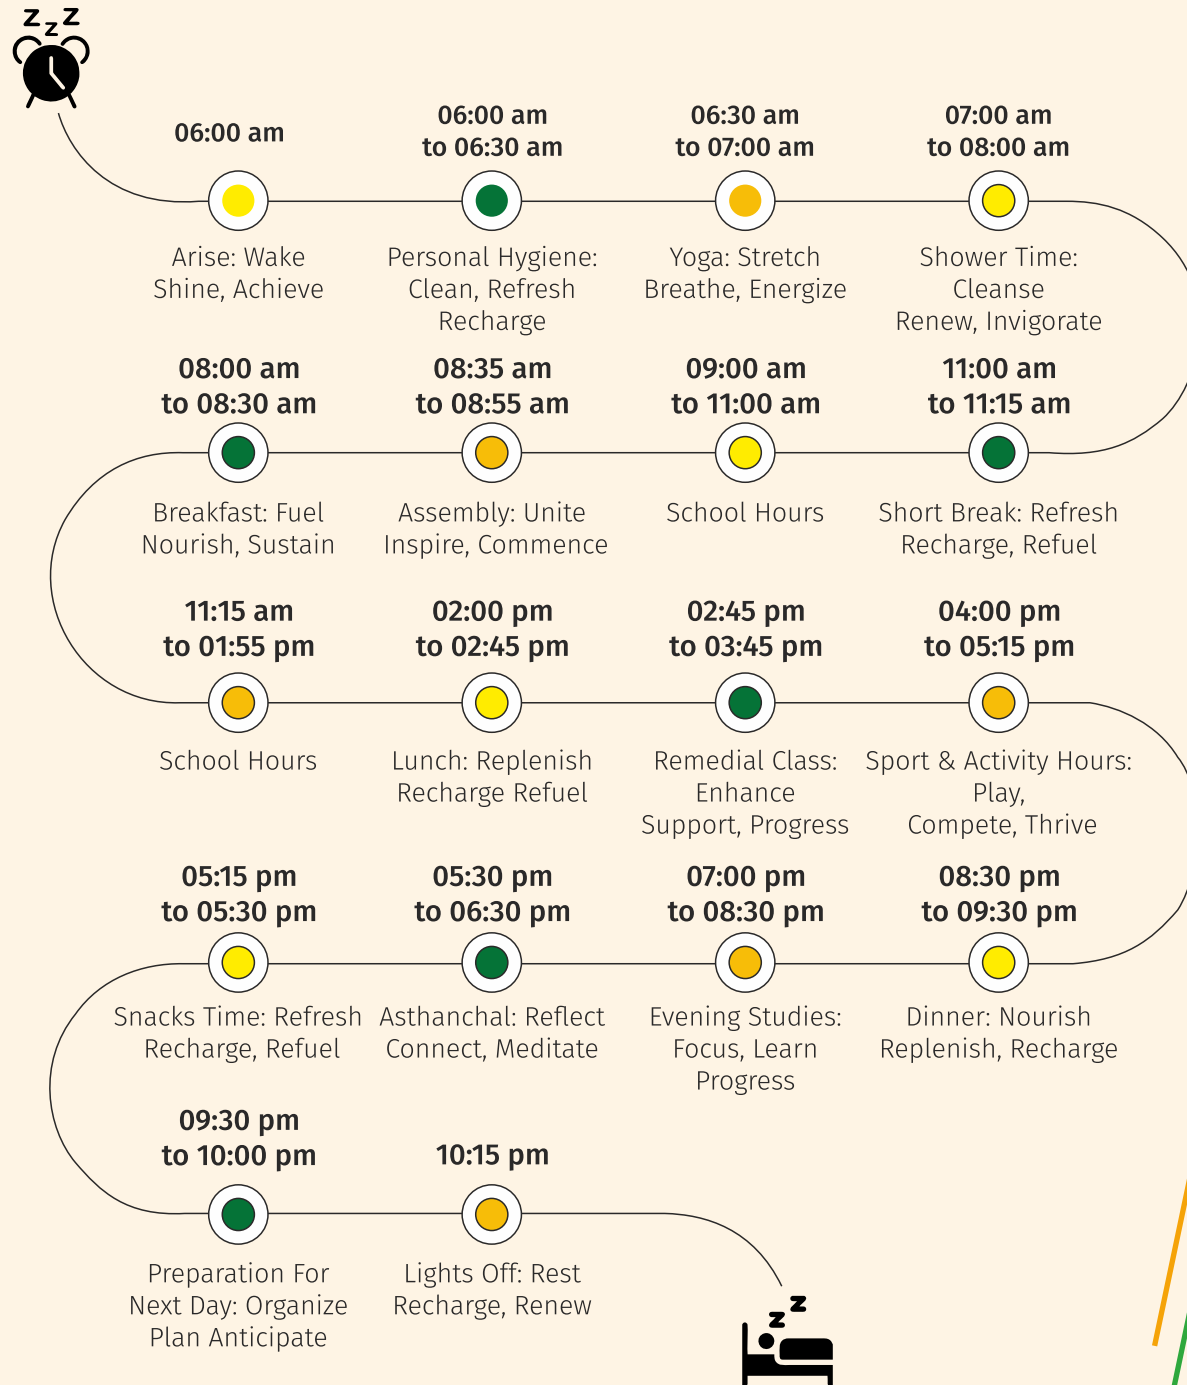

The Dawn to Dusk program at TGIS is a comprehensive daily schedule designed to provide students with a structured and productive routine. From early morning yoga and personal hygiene, to remedial classes and sports activities in the evening, the program aims to cultivate a healthy and well-rounded lifestyle for students. The regularity and discipline of the program fosters a strong work ethic, while the focus on physical and mental well-being ensures a positive and balanced outlook. Additionally, the program includes time for evening studies and prayer, promoting academic success and spiritual growth. With a schedule carefully crafted to support academic and personal development, the Dawn to Dusk program at TGIS provides an exceptional opportunity for students to thrive.

The Great India School: Structured Routine: The Dawn to Dusk program offers a well-planned routine for students, ensuring that they make the most of their day. Pictures could include a clock or a student's daily planner.

# Daily Schedule at The Great India School

## Benefits of the Dawn to Dusk Program

**Physical and Mental Health:** With daily yoga, sports and activity hours, and asthanchal, the program promotes both physical and mental wellness. Pictures could include a student doing yoga, playing sports, or meditating.

**Academic Excellence:** The program ensures that students receive enough academic instruction and remedial classes. Pictures could include students participating in class or working on a project.

**Time Management:** The routine of the program encourages students to manage their time efficiently. Pictures could include a student organizing their study materials or using a planner.

**Life Skills:** The program helps students learn important life skills like self-discipline, punctuality, and responsibility. Pictures could include students engaging in a group project or volunteering in the community.

# Learning Infrastructure & Facilities

Modern and Innovative Facilities  
Latest Technology in Classrooms  
Dedicated Spaces for Different Subjects  
State-of-the-art Sports Arenas  
Holistic Learning Experience

The Great India School offers modern and innovative classroom facilities that are designed to enhance the learning experience of students. The classrooms are equipped with the latest technology, including interactive whiteboards, audio-visual equipment, and smart class systems from Next Education ERP. Each classroom is spacious, well-lit, and air-conditioned to ensure a comfortable learning environment. The school also provides dedicated spaces for different subjects, such as the Raja Ravi Verma Art Hall for fine arts, the Ustad Bismillah Khan Music Room for music, and the well-equipped laboratories for science subjects. In addition to academic facilities, the school also boasts state-of-the-art sports arenas, an indoor sports complex, a semi-Olympic swimming pool, and a large multi-purpose sports arena. The school's modern facilities are designed to provide students with a holistic learning experience that encompasses academics, sports, and the arts.

## Smart Classes

The Great India School has implemented smart class facilities that provide students with an interactive and engaging learning experience. Our classrooms are equipped with state-of-the-art technology from Next Education ERP, enabling our teachers to create multimedia content that enhances the learning process.

Additionally, our learning management systems can be accessed through our school app, allowing students and parents to keep track of academic progress and access digital resources at any time. We strive to provide the best learning experience for our students and the smart class facilities are just one of the many ways we achieve this goal.

## Science and IT Labs

The Great India School boasts a wide array of well-equipped labs including the Dr. Shanti Swarup Bhatnagar Chemistry Lab, the Sir C.V. Raman Physics Lab, the Baudhayana Science Lab, the Dr. Har Gobind Khurana Biology Lab, and the Ramanathan V Guha IT Lab. These labs are designed to enhance the learning experience of students and are equipped with state-of-the-art technology and resources. The school's commitment to providing students with the best facilities possible ensures that students have access to the latest tools and technologies, allowing them to explore and learn in a safe and dynamic environment.

## Library and Information Technology Lab

The Swami Vivekananda Library at The Great India School is a treasure trove of knowledge with over 6000 books, catering to students of all grades and interests. The library is designed to foster a love for reading, with comfortable seating and a peaceful atmosphere. Along with the physical books, the students also have access to a digital library, which enhances their learning experience. The school's IT resources are world-class and include the Ramanathan V Guha IT lab, named after the renowned computer scientist. With the latest technology, students can work on projects and research assignments, and access online resources to enhance their learning. The school also provides internet access and printing facilities for the students, enabling them to work on assignments and projects with ease.

## Sports Facilities

The sports facilities at our school provide a vibrant and dynamic atmosphere for students to excel in sports and athletic pursuits. The Major Dhyanchand Stadium, spread over 7 acres, is a state-of-the-art facility that hosts a variety of sporting events and competitions throughout the year. The stadium is equipped with world-class infrastructure and is an ideal space for students to showcase their athletic abilities. In addition, the school has a 30,000 sq ft indoor sports arena that caters to a variety of indoor sports. The arena is a hub for a number of activities such as basketball, volleyball, and badminton. The school's semi-Olympic sized swimming pool offers a unique opportunity for students to hone their swimming skills. We also have a well-equipped gymnasium that allows students to work on their fitness and strength training. The school's focus on sports is reflected in the variety of sports programs offered, which include basketball, swimming, cycling, handball, volleyball, cricket, football, badminton, and more. The school has a range of sports facilities that cater to all levels of students, from beginners to professionals.

MAJOR DHYANCHAND STADIUM

We strive to create a warm and welcoming home-like environment for our students. Our priority is to ensure that our students feel comfortable and secure.. Additionally, we provide **24/7 medical facilities**, so that our students can receive prompt medical attention whenever required.

## Boarding Facilities

We understand the importance of providing a comfortable and welcoming home away from home for our boarding students. Our boarding facilities prioritize comfort and convenience, ensuring that students feel relaxed and at ease in their personal space. Each spacious room offers more than 50 square feet of personal space, including individual study tables and personal closets. Our AC-equipped rooms ensure that students have a comfortable environment to rest and relax in.

Our rooms also have attached washrooms, which provide complete privacy and convenience for personal hygiene. Each room also has a personal reading space, where students can study and read in a peaceful and comfortable environment. Our hostel staff takes care of housekeeping and laundry so that students can focus on their studies and extra-curricular activities. We have trained and experienced wardens who are available round the clock to address any concerns that our students may have.

## Farm to Table Nutrition

We take pride in providing a holistic boarding experience to our students, and that includes serving fresh, nutritious, and delicious food. We are probably one of the only schools in the region that has organic farms on campus, and the output of the farm is used by our school's kitchen and served to our students. Our unique farm-to-table setup ensures that the food is **fresh, healthy, and free from any harmful chemicals or preservatives.**

The campus also houses fruit orchards, and none of the produce is sold outside but is used for the consumption of our students, demonstrating our stewardship towards their well-being. Our food is **purely vegetarian**, and the menu is carefully crafted with the recommendations of a renowned nutritionist to ensure that our students receive a **balanced and wholesome diet.**

## Kitchen

We believe that fooding is an integral part of the boarding experience, and we take every step to ensure that our students receive healthy and nutritious meals that contribute to their physical and mental well-being. At The Great India School, we are committed to providing a comfortable and healthy environment to our students, and that includes serving them fresh, **home-style freshly prepared meals** that are both delicious and nutritious.

# Admission at The Great India School

We welcome students who meet our admission criteria for different classes. For classes **4 to 8**, the child seeking admission should conform to the age group specified for each class, as per CBSE guidelines. The child must also possess the necessary academic skills as per the CBSE curriculum. For admission to class **9th**, the student must have passed class 8th from a recognized school. Admissions to class **10th** are only considered in case of a transfer and are subject to approval by the CBSE. For admission to class **11th**, the student must have passed class 10th from a recognized school. The seat allotment is subject to availability and the student's performance in class 10th. The school management reserves the right to ascertain the eligibility of the student. For admission to class **12th**, the same rules apply as for class 10th. We believe in maintaining a fair and transparent admission process that ensures that our students meet our high academic standards.

## Admission Process

At The Great India School, we strive to provide quality education to students who are enthusiastic about learning and growth. Our admission process for new students is designed to ensure that we enroll students who are a good fit for our school's academic standards and overall environment.

The admission process at TGIS is simple and can be completed in just three steps, all in one day.

- Step 1:** Campus Visit. We encourage parents to come and experience our campus. To schedule a visit, please contact us at the numbers provided.
- Step 2:** Admission Test. An admission test will be conducted to determine the student's academic level. The test is based on the CBSE curriculum from the previous class. While it is important that the student performs reasonably well, the test alone is not the final factor in granting admission.
- Step 3:** Final Counselling and Submission of Documents. After the admission test, parents will be called for a counselling session. During this session, our counsellors will discuss the responsibilities of parents while their child is enrolled at TGIS. It is also an opportunity for parents to ask questions and share their expectations. After the counselling session, parents may submit the required documents and pay the fees.
